

WISENT BZ300A

FULLY AUTOMATIC DOUBLE COLUMN BAND SAW MACHINE

- Robust saw machine with balanced saw frame guidance
- Saw frame guide over two ground and chrome-plated columns
- User-friendly NC control panel with touch screen + HMI
- Capacity Ø 300mm (300x300mm)
- Motor power 3.7 kW
- Frequency controlled variable belt speed 20~100 m/min
- Hydraulic motor 0.75 kW
- Hydraulic feeding and clamping
- Split-vice clamping head clamp, residual piece only 68mm
- Heavy block guide of the clamp
- Clamp pressure control on main and feeder clamp
- Automatic hydraulic belt tensioning device
- High blade life due to material clamp retraction system
- Carbide saw guide and back guide for the saw blade
- Anti-vibration roller on saw guide and ball bearing guide saw blade
- Band saw size 3,920 x 34 x 1.1 mm
- Lighting on saw bed
- Bundle clamp for cutting bundles
- Motor-driven chip brush
- Hydraulic tension conveyor
- Height of saw bed approx. 780 mm

HYDRAULIC BELT TENSIONING DEVICE

HYDRAULIC CLAMPING (BEAM CLAMP OPTIONAL)

QUICK APPROACH

LUBRICATING DOSAGE SYSTEM (OPTIONAL)

HYDRAULIC CHIP REMOVAL

ANTI-VIBRATION ROLLER SAWBLADE

BZ300A	
Capacity	○ 300 mm
Sawing bundles	□ 300x300 mm
Saw belt speed	145x30 ~ 230x130 mm (BxH)
Saw band size	20 ~ 100m/min
Motor	3.920 x 34 x 1,1mm
Sawband Hydraulics Cooling	3.7KW 5HP
	0.75W 1HP
	0.1KW 1/8HP
Saw bed height approx.	780 mm
Max. length of a feeder	400mm x 9
Weight approx.	1750 kg
Article number	667100630

BZ300A

PRICE

€ 25.595,-
